

Selection Criteria

A selection committee will review and score all proposals. The following information, in addition to the requirements, terms and conditions identified throughout the RFP document, will be part of the selection process and are listed below.

1. Product design and performance

1a. Conformance with technical specifications

1b. Vehicle construction and system design

- 1) Overall quality of vehicle design
- 2) Vehicle esthetic design
- 3) Vehicle weight and fuel economy

1c. Documented reliability of proposed vehicle

- 1) Preventive maintenance schedule for proposed vehicle
- 2) Vehicle corrosion protection
- 3) History of performance of proposed vehicle

1d. Test results, safety and maintenance factors and cost of operation for the bus design and system components proposed

1e. Completeness, clarity and format of maintenance, parts, training and operating manuals, price lists and drawings.

2. Delivery schedule

2a. Minimum first year purchase

2b. Option Commitment

3. Price per bus

3a. Base bus

4. Organizational Capabilities

- 1) Proposed organizational and operational structure for this project
- 2) Technological resources
- 3) Established personnel practices and employee relations
- 4) Experience and qualifications of key personnel

- 5) Evidence that the human and physical resources are sufficient to perform the contract as specified and assure delivery of all equipment within the time specified in the contract
- 6) Adequate manufacturing facilities sufficient to produce and factory test equipment on schedule
- 7) A spare parts procurement and distribution system sufficient to support equipment maintenance without delays and a service organization with skills, experience and sufficient equipment to perform all warranty and on-site work.

5. Previous contract history

- 1) Defaults or cancellations of previous contracts
- 2) History of contracts covering past sales by vehicle model
- 3) The Proposer's experience and performance on similar industry contracts
- 4) The Proposer's demonstrated commitment and capability to satisfy warranty, repair and parts supply requirements on other contracts
- 5) The amount of effort required by other transit properties to secure satisfactory performance from the Proposer
- 6) References

Lowcountry Regional Transportation Authority (LRTA) may also reject any and all RFP's in whole or in part, and waive minor irregularities and omissions if the best interest of the authority will be served.
